

## **ANNEX 2 – APPLICABLE RULES RELATED TO THE ELIGIBILITY OF COSTS AND CONTRIBUTIONS**

### **1. UNIT CONTRIBUTIONS**

#### **1.1 Travel**

**Place of origin:** the place where the sending organisation is located.

**Sustainable means of transport:** bike, bus, car-pooling, and train. Boat will be considered as green travel if combined with other low-emissions means of transport. The National Agency may accept other means of transport as sustainable based on established practice and on a case-by-case basis.

Travel unit contribution for sustainable means of transport (green travel) is eligible if sustainable means of transport have been used for at least half of the round trip (in terms of distance travelled in km).

**Unit contribution per distance band:** the amount paid for a return travel between the place of departure and the place of arrival.

**Venue:** the place where the receiving organisation is located. If a different place of origin or venue is reported, the beneficiary must provide the reason for this difference.

Travel time will not be considered when determining compliance with minimum eligible duration of mobility activities specified in the Programme Guide.

#### **a) Calculation of the total unit contribution:**

The total unit contribution for travel is calculated by multiplying the number of participants, accompanying persons, facilitators and group leaders per distance band, by the unit contribution applicable to the distance band concerned and type of travel (green or non-green), as specified in Annex 3 of the Agreement.

In the case of itinerant activities, the total unit contribution is calculated by multiplying the number of participants per distance band corresponding to the total of sum of the distances between individual venues by the unit contribution applicable to the distance band concerned and type of travel (green or non-green), as specified in Annex 3 of the Agreement.

For the establishment of the distance band applicable, the beneficiary must indicate the distance of a one-way travel using the on-line distance calculator available on the Commission's website at: [http://ec.europa.eu/programmes/erasmus-plus/tools/distance\\_en.htm](http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm).

The total unit contribution for travel support is calculated by the beneficiary in the Erasmus+ reporting and management tool based on the applicable unit contribution rates.

#### **b) Triggering event**

The travel is eligible if the participant has actually undertaken the activity.

## **ANNEX 2 – APPLICABLE RULES RELATED TO THE ELIGIBILITY OF COSTS AND CONTRIBUTIONS**

### c) Supporting documents

The supporting document is a declaration signed by the participant including trainers, facilitators, group leaders and decision makers and accompanying person and by the receiving organisation, and specifying the name of the participant/accompanying person, the purpose of the activity, as well as its starting and end date.

In addition to the supporting documents mentioned above, in case of use of sustainable means of transport (green travel): a declaration on honour signed by the person receiving the travel grant will serve as supporting documentation.

If the starting point of travel is different than the place of origin or the end point is different than the venue, the beneficiary must report the reason for this difference. In case no travel took place or the travel was funded from sources other than the Erasmus+ Programme, the beneficiary will indicate in their report that financial support for travel is not required.

### **1.2 Individual support**

#### a) Calculation of the total unit contribution:

The total unit contribution is calculated by multiplying the number of days of activity per participant and accompanying person including decision makers, group leaders, trainers and facilitators by the unit contribution applicable per day for the receiving country concerned, as specified in Annex 3 of the Agreement. Travel days may be added if relevant for a specific activity.

In case of an interruption during the stay, the period of the interruption will not be counted when calculating the individual support grant. In case of interruption due to *force majeure*, the participant must be allowed to resume and continue the activities after the interruption (within the conditions established in this Agreement).

In case of termination of the participant grant agreement by the participant due to *force majeure*, the participant must be entitled to receive the amount of the grant corresponding to the actual duration of the mobility period. Any remaining funds must be refunded to the beneficiary, except if agreed differently by both parties.

#### b) Triggering event:

The individual support is eligible if the participant has actually undertaken the activity for the specified period.

#### c) Supporting documents:

The supporting document is a declaration signed by the participant and by the receiving organisation specifying the name of the participant, the purpose of the activity, as well as its starting and end date.

## **ANNEX 2 – APPLICABLE RULES RELATED TO THE ELIGIBILITY OF COSTS AND CONTRIBUTIONS**

### d) Reporting:

Group leaders in mobility activities must use the standard on-line questionnaire provided by the European Commission (the participant report) to report on factual information and their appreciation of the mobility activity, its preparation and follow-up.

### **1.3 Organisational support**

#### a) Calculation of the total unit contribution

The total unit contribution is calculated by multiplying the total number of participants in mobility activities by the unit contribution applicable, as specified in Annex 3 of the Agreement. Accompanying persons, group leaders, trainers, facilitators and persons taking part in preparatory visits are not considered to be participants of mobility activities and are therefore not considered for calculation of the organisational support.

#### b) Triggering event:

The organisational support is eligible only if the participant has actually undertaken the activity.

#### c) Supporting documents:

The supporting document is a declaration signed by the participant and by the receiving organisation, specifying the name of the participant, the purpose of the activity, as well as its starting and end date.

#### d) Reporting:

The coordinator must report on all mobilities realised under the project, including the ones from the host country.

Group leaders in the activities should report on the activities via an on-line questionnaire providing their feedback on factual and qualitative elements of the activity period, as well as of its preparation and follow-up.

### **1.4 Inclusion support for organisations**

#### a) Calculation of the total unit contribution:

The total unit contribution is calculated by multiplying the total number of participants with fewer opportunities in mobility activities by the unit contribution applicable, as specified in Annex 3 of the Agreement.

#### b) Triggering event:

The inclusion support for organisations is eligible if the participant has actually undertaken the activity and the participating organisation has organised the mobility for the participant.

## **ANNEX 2 – APPLICABLE RULES RELATED TO THE ELIGIBILITY OF COSTS AND CONTRIBUTIONS**

### c) Supporting documents:

The supporting document is a declaration signed by the receiving organisation specifying the name of the participant, the purpose of the activity as well as its starting and end date.

In addition: documentation specified by the National Agency as admissible proof that the participant belongs to one of the categories of fewer opportunities listed in the Programme Guide.

### **1.5 Preparatory visits**

#### a) Calculation of the total unit contribution:

The total unit contribution is calculated by multiplying the total number of persons participating in preparatory visits by the unit contribution applicable, as specified in Annex 3 of the Agreement.

#### b) Triggering event:

The unit contribution for preparatory visit is eligible if the participant has actually undertaken the preparatory visit.

#### c) Supporting documents:

The supporting document is a completed agenda, including the names of the visiting persons, and signed by the visiting persons and the hosting organisation.

## **2. ACTUAL COSTS**

### **2.1 Inclusion support for participants**

#### a) Calculation of the grant amount:

The grant is a reimbursement of 100% of eligible costs actually incurred.

#### b) Eligible costs:

Costs directly related to participants with fewer opportunities and their accompanying persons. If the person requests the reimbursement of travel and individual support under this budget category, no unit contribution can be requested for these categories for the same person.

#### c) Supporting documents:

Proof of payment of the related costs on the basis of invoices specifying the name and address of the body issuing the invoice, the amount and currency, the date of the invoice, and, if applicable, a documentation signed by the receiving organisation specifying the confirmed start and end date of the stay of the accompanying person.

#### d) Reporting:

For each cost item in this budget category, the beneficiary must report the nature of costs and the real amount of costs incurred.

## **ANNEX 2 – APPLICABLE RULES RELATED TO THE ELIGIBILITY OF COSTS AND CONTRIBUTIONS**

### **2.2 Exceptional costs**

#### **a) Calculation of the grant amount:**

The grant is a reimbursement of the following eligible costs actually incurred , unless otherwise specified below.

#### **b) Eligible costs:**

- (i) Financial guarantee: 80% of costs for a pre-financing guarantee lodged by the beneficiary where such guarantee is required by the NA as set out in the Data Sheet (see Point 4).
- (ii) Expensive travel costs: 80% of costs of travel in the most economical and effective way if the applicable unit contribution would not cover at least 70% of the costs of travel. Exceptional costs for expensive travel replace the travel support.

#### **c) Supporting documents:**
