

ANNEX III – FINANCIAL and CONTRACTUAL RULES

I. RULES APPLICABLE TO BUDGET CATEGORIES BASED ON UNIT CONTRIBUTIONS

I.1 Conditions for eligibility of unit contributions

Where the grant takes the form of a unit contribution, the number of units must comply with the following conditions:

- (a) the units must be actually used or produced in the period set out in Article I.2.2 of the Special Conditions;
- (b) the units must be necessary for implementing the Project or produced by it;
- (c) the number of units must be identifiable and verifiable, in particular supported by records and documentation specified in this annex.

I.2 Calculation and supporting documents for unit contributions

A. **Travel**

By default, the place of origin is understood as the place where the sending organisation is located and the place of the venue as the place where the receiving organisation is located. If a different place of origin or venue is reported, the beneficiaries concerned must provide the reason for this difference.

In case no travel took place or it was funded from other EU sources than the Erasmus+ Programme (e.g. a mobility participant is already at the place of the venue in relation to another activity than the one funded from the Agreement), the beneficiaries must report that situation accordingly in Mobility Tool+ for each mobility concerned. In this case, no grant support for travel will be awarded.]

- (a) Calculation of the grant amount for travel costs for staff: the grant amount is calculated by multiplying the number of participants per distance band, by the unit contribution applicable to the distance band concerned, as specified in Annex IV of the Agreement. The unit contribution per distance band represents the grant amount for a return travel between the place of departure and the place of arrival.

For student mobility, unit contributions for travel between Programme Countries are applicable for sending institutions from outermost Programme countries and regions (outermost regions, Cyprus, Iceland, Malta), and Overseas Countries and Territories.

For the establishment of the distance band applicable, the beneficiaries concerned must indicate the distance of a one-way travel using the on-line distance calculator available on the Commission's website at:

http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm.

The beneficiaries will calculate in Mobility Tool+ the grant amounts for travel based on the applicable unit contribution rates.

- (b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity.
- (c.1) Supporting documents for staff: Proof of attendance of the activity in the form of a declaration signed by the receiving organisation specifying the name of the participant, the purpose of the activity, as well as its starting and end date.
- (c.2) Supporting documents for students: Documentary evidence issued by the receiving organisation and specifying:
 - the name of the student,
 - the start and end date of the mobility activity in the following format:
 - Transcript of Records (or statement attached to it) in the case of mobility for studies
 - Traineeship Certificate (or statement attached to it) in the case of mobility for traineeships.

B. Individual support

- (a.1) Calculation of the grant amount for students: the grant amount is calculated by multiplying the number of days/months per student, by the unit contribution applicable per day/month for the receiving country concerned as specified in Annex IV of the Agreement.

In the case of incomplete months for long-term mobilities, the grant amount is calculated by multiplying the number of days in the incomplete month by 1/30 of the unit contribution per month.

Start and end dates will be counted as follows:

- The start date should be the first day that the student needs to be present at the receiving organisation (first course/first day at work/first day of welcoming event or language and intercultural courses).
- The end date should be the last day the student needs to be present at the receiving organisation (last day of the exam period/course/work/mandatory sitting period).]

(a.2) The grant amount is calculated by multiplying the number of days per participant by the unit contribution applicable per day for the receiving country concerned as specified in Annex IV of the Agreement.

One travel day before the activity and one travel day following the activity can be included for the calculation of individual support if relevant.

Changes in the period of stay for students and staff:

- If the expected period of stay is longer than the one indicated in the grant agreement, the beneficiaries may:
 - Either amend the grant agreement during the mobility period to take into account the longer duration, provided that the remaining grant amount allows it.
 - Or agree with the participant during the mobility period that the additional number of days will be considered as a period of “zero-grant” (non-funded duration).
 - The grant amount cannot be increased after the mobility is finished.
- If the confirmed period of stay is longer than the one indicated in the grant agreement, the additional days are to be considered a period of "zero-grant".
- For student mobility: Without prejudice of the respect of the minimum eligible duration, if the confirmed period of stay is shorter than the one indicated in the grant agreement, the beneficiary will act as follows:
 - If the difference between the confirmed period and the one indicated in the grant agreement is more than 5 days, the beneficiary must update this in Mobility Tool+ by indicating the confirmed period (i.e. the start date and end dates notified in the Transcript of Records or Traineeship Certificate) and the grant will be recalculated.

- On the contrary, if the difference is 5 days or less, the beneficiary must maintain in Mobility Tool+ the period indicated in the grant agreement (i.e. the grant is not recalculated).
 - In case of an interruption during the stay, the period of interruption will not be counted when calculating the individual support grant.
 - In case of termination by the participant of the agreement with the beneficiary due to "force majeure", the participant must be entitled to receive the amount of the grant corresponding at least to the actual duration of the mobility period. Any remaining funds must be refunded, except if agreed differently with the beneficiary.
 - In case of suspension by the participant of the grant agreement with the beneficiary due to "force majeure", the participant must be allowed to continue the activities after the interruption, provided that the mobility end date does not exceed the final date of the mobility project. This should be reported in Mobility Tool+ as a single mobility with an interruption period].
- (b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity for the specified period].
- (c.1) Supporting documents for staff: Proof of attendance of the activity in the form of a declaration signed by the receiving organisation specifying the name of the participant, the purpose of the activity, as well as its starting and end date].
- (c.2) Supporting documents for students: Documentary evidence issued by the receiving organisation and specifying:
- the name of the student,
 - the confirmed start and end date of the mobility activity in the following format:
 - Transcript of Records (or statement (Certificate of Attendance) attached to it) in the case of mobility for studies.
 - Traineeship Certificate (or statement (Certificate of Attendance) attached to it) in the case of mobility for traineeships.
- (d) Reporting: Participants in the mobility activities must report on this activity via an on-line questionnaire providing their feedback in terms of factual information and their appreciation of the activity period, as well as of its preparation and follow-up. Participants who fail to submit the report may be required to partially or fully reimburse the financial contribution received from Erasmus+ EU funds.

C. Organisational support

- (a) Calculation of the grant amount: the grant amount is calculated by multiplying the total number of participations in mobility activities (i.e. regardless of whether the same participant will have undertaken one or more mobilities) by the unit contribution applicable as specified in Annex IV of the Agreement. The total number of participations considered for the calculation of organisational support includes all students and staff undertaking outbound mobility, including those with a zero-grant from Erasmus+ EU funds for their entire mobility period, as well as invited staff from enterprises undertaking inbound mobility. The total number of persons considered for organisational support excludes persons accompanying participants at their activity.
- (b) Triggering event: the event that conditions the entitlement to the grant is that the participant has actually undertaken the activity.
- (c) Supporting documents: Proof of attendance of the activity in the form of a declaration signed by the receiving organisation specifying the name of the participant, the purpose of the activity, as well as its starting and end date.
- (d) Reporting:
 - There is a margin of tolerance of 10%, meaning that the organisational support grant must not be reduced if the total number of student and staff mobilities is lower than the number of mobilities specified in Annex II of the Agreement by 10% or less.
 - At final report stage, if the number of mobilities implemented is higher than the number specified in Annex II, the grant amount for organisational support will be limited to the maximum amount specified in Annex II.

D. Online Linguistic Support (OLS)

[Only applicable for mobilities for which the main language of instruction or work is Bulgarian, Croatian, Czech, Danish, Dutch, English, Estonian, Finnish, French, German, Greek, Hungarian, Italian, Latvian, Lithuanian, Polish, Portuguese, Romanian, Slovak, Slovenian, Spanish or Swedish (or additional languages once they become available in the Online Linguistic Support (OLS) tool), with the exception of native speakers]

OLS language assessments

- Language assessment licences are provided for participants undertaking a mobility period for a minimum period of two months.
- The licences must be distributed to the participants from the sending institution. The beneficiary must ensure the uptake of the licences and make every effort to ensure that all the allocated licences are used by the selected participants.
- The beneficiaries must support the uptake of licences and must provide the coordinator with all necessary information in this regard.
- The beneficiaries must distribute the language assessment licences to participants after their selection for the mobility activity.
- The beneficiaries must ensure that mobility participants take the first OLS language assessment before their mobility period and the second OLS language assessment at the end of their mobility period. The completion of the online language assessment before departure is a pre-requisite for the mobility, except in duly justified cases.
- The coordinator will be notified of the assessment results by the service provider.

OLS language courses

- Participants must have taken an OLS assessment before they can be awarded a licence to follow an OLS language course. Licences for OLS language courses must be awarded to all participants willing to follow the course and according to the participant's linguistic needs.
- Licences must be distributed among the participants from the sending institution according to their needs. All participants having taken the language assessment have the opportunity to follow a language course, unless the language in question is Irish Gaelic or Maltese. The beneficiaries must support the uptake of licences and must provide the coordinator with all the necessary information in this regard.
- Mobility participants with a level of B2 or higher at the first language assessment in their main language of instruction or work have the opportunity to follow an OLS language course either in that language or in the local language of the country, provided it is available in the OLS. It is up to the sending institution or the coordinating organisation to indicate this choice in the OLS.

- OLS language course licences must be used in the period between the OLS first and second language assessments, before and during the mobility activity of the participants concerned.
- The beneficiaries must monitor the use of licences on the basis of the information provided by the service provider.
- The beneficiaries must make every effort to ensure that all the allocated licences are actively used by the selected participants.

All licences

- Mobility participants commit themselves by signing the individual mobility grant agreement to complete both OLS language assessments (before and at the end of the mobility period) and to follow the OLS language course, if awarded.
- The beneficiaries must act in line with the guidelines for the use of the OLS provided by the service provider.
- The beneficiaries must report on the number of used language assessment and language course licences in the interim and final beneficiary report.
- In case of unused or non-allocated licences at the time of the interim and final beneficiary report, the NA may decide to take this into account for the allocation of the number of licences awarded to the beneficiaries in the subsequent call years.

II. RULES APPLICABLE FOR THE BUDGET CATEGORIES BASED ON REIMBURSEMENT OF ACTUAL INCURRED COSTS

II.1. Conditions for the reimbursement of actual costs

Where the grant takes the form of a reimbursement of actual costs, the following conditions must apply:

- (a) they are incurred by the beneficiaries;
- (b) they are incurred in the period set out in Article I.2.2.;
- (c) they are indicated in the estimated budget set out in Annex II or eligible following budget transfers in accordance with Article I.3.3;

- (d) they are incurred in connection with the Project as described in Annex II and are necessary for its implementation;
- (e) they are identifiable and verifiable, in particular are recorded in the beneficiary's accounting records and determined according to the applicable accounting standards of the country where the beneficiary is established and with the beneficiary's usual cost accounting practices;
- (f) they comply with the requirements of applicable tax and social legislation;
- (g) they are reasonable, justified, and comply with the principle of sound financial management, in particular regarding economy and efficiency;
- (h) they are not covered by a unit contribution as specified in Section I of this Annex.

II.2. Calculation of actual cost

A. Special needs support

- (a) Calculation of the grant amount: the grant is a reimbursement of up to 100% of the eligible costs actually incurred.
- (b) Eligible costs: costs directly related to participants with special needs and accompanying persons (including costs related to travel and subsistence, if justified), as long as a unit contribution for these participants is not requested through budget categories "travel" and "individual support", and that are additional to costs supported by a unit contribution as specified in Section I of this Annex.

Funds for special needs support, once the participants have been selected, may be made available in two ways. The beneficiary may either submit a funding request to the NA or do a budget transfer according to article I.3.3.

- (c) Supporting documents: invoices of the related costs incurred, specifying the name and address of the body issuing the invoice, the amount and currency, and the date of the invoice.
- (d) Reporting:
 - The beneficiaries must report in Mobility Tool+ whether additional grant for special needs support was used for any of the participants with special needs and/or accompanying person.
 - In such case, the beneficiaries must report in Mobility Tool+ the type of additional expenses as well as the real amount of related costs incurred.

B. Exceptional costs

- (a) Calculation of the grant amount: the grant is a reimbursement of 75% of the eligible costs actually incurred for the financial guarantee, and of 80% of the eligible costs for expensive travel costs of eligible participants.
- (b) Eligible costs:
- Costs relating to a pre-financing guarantee lodged by the beneficiary where such guarantee is required by the NA, as specified in Article I.4.2 of the Agreement.
 - Costs of travel in the most economical but also effective way for eligible participants for which the standard funding rule does not cover at least 70% of the eligible costs. This funding can only be awarded to students and to staff if they are eligible for the standard travel grant as specified in Article I.2.A. The exceptional costs for expensive travel replace the standard travel grant.
 - Funds for exceptional costs support for the financial guarantee or for expensive travel costs, once the participants have been selected, may be made available in two ways. The beneficiary may either submit a funding request to the NA or do a budget transfer according to article I.3.3.
- (c) Supporting documents:
- proof of the cost of the financial guarantee issued by the body providing the guarantee to the beneficiary, specifying the name and address of the body issuing the financial guarantee, the amount and currency of the cost of the guarantee, and providing the date and signature of the legal representative of the body issuing the guarantee.
 - In the case of travel costs: proof of payment of the related costs on the basis of invoices specifying the name and address of the body issuing the invoice, the amount and currency, and the date of the invoice and the travel route.
- (d) Reporting:
- The beneficiary must report in Mobility Tool+ whether exceptional costs were incurred;
 - In such case, the beneficiary must report in Mobility Tool+ the type of expenses as well as the real amount of related costs incurred.

III. CONDITIONS OF ELIGIBILITY OF PROJECT ACTIVITIES

- a) The beneficiaries must ensure that the activities of the project for which grant support was awarded are eligible in accordance with the rules set out in the Erasmus+ Programme Guide for each Key Action and each field.
- b) Activities undertaken that are not compliant with the rules set out in the Erasmus+ Programme Guide as complemented by the rules set out in this Annex must be declared ineligible by the NA and the grant amounts corresponding to the activities concerned must be reimbursed in full. The reimbursement must cover all budget categories for which a grant was awarded in relation to the activity that is declared ineligible.
- c) The eligible minimum duration of mobility activities specified in the Programme Guide is the minimum duration of the activity excluding time for travel.

IV. RULES AND CONDITIONS FOR GRANT REDUCTION FOR POOR, PARTIAL OR LATE IMPLEMENTATION

- Poor, partial or late implementation of the Project may be established by the NA on the basis of the final report submitted by the coordinator (including reports from individual participants taking part in the mobility activities).
- The NA may consider also information received from any other relevant source, proving that the Project is not implemented in accordance with the contractual provisions. Other sources of information may include monitoring visits, desk checks or on the spot checks undertaken by the NA.
- The final report will be assessed on the basis of quality criteria and scored on a total of maximum 100 points. If the final report scores below 50 points in total, the NA may reduce the final grant amount for organisational support on the basis of poor, partial or late implementation of the action even if all activities reported were eligible and actually took place.
- In the case of accredited organisations, if the NA considers that the implementation of the Project does not respect the quality commitment undertaken by the beneficiaries, the NA may in addition or alternatively require the beneficiary to develop and implement an action plan within a given timeframe to ensure respect of the applicable requirements. If the beneficiaries do not implement the action plan satisfactorily by the due date, the NA may recommend to the European Commission to withdraw the Erasmus Charter for Higher Education of the beneficiary.

- The final report will be assessed in conjunction with the reports from the mobility participants, using a common set of quality criteria focusing on:

For accredited organisations:

- The extent to which the action was implemented in line with the grant agreement.
 - The extent to which the action was implemented in respect of the quality and compliance requirements set out in the Erasmus Charter for Higher Education and HE consortium accreditation.
 - The extent to which the grant amounts due to mobility participants were transferred to them in accordance with the contractual provisions set out in the agreement between the beneficiary and the participant following the templates provided in Annex V of the Agreement.
- A grant reduction based on poor, partial or late implementation may be applied to the total final amount of eligible expenses and may be of:
 - 25% if the final report scores at least 40 points and below 50 points;
 - 50% if the final report scores at least 25 points and below 40 points;
 - 75% if the final report scores below 25 points.

V. GRANT MODIFICATIONS

(a) Grant modification due to redistribution of funds or additional funds being available

In the framework of redistribution of funds in higher education mobility between Programme Countries, where all beneficiaries are identified, or in the event of additional funds becoming available to the NA for (re)allocation to beneficiary institutions, the total maximum grant amount indicated in Article I.3.1 may be increased provided that the interim report shows a higher number or longer duration of outbound mobility activities (including invited staff from enterprises when applicable) than awarded.

When the interim report shows a lower number or shorter duration of mobility activities indicating that the Beneficiary will not be able to use fully the awarded grant, the total maximum grant amount indicated in Article I.3.1 may be decreased exceptionally with an amendment signed by the NA alone. The beneficiary will have 30 days to submit his/her comments.

(b) Grant increase for special needs support and exceptional costs

As there is no provision for requesting special needs support or exceptional costs at application stage in the field of higher education, the coordinator may apply for additional grant support once the participants have been selected. Such special needs support may be provided by the NA for participants whose individual physical, mental or health-related situation is such that his/her participation in the mobility activity would not be possible without extra financial support or in the case of exceptional costs as specified under Article II.2.B.

(c) Contractual modifications

In accordance with Article II.13 of Annex I of the Agreement, any modification of the grant as set out in Sections V. (a) and (b) above will take the form of an amendment to the Agreement.

VI. CHECKS OF GRANT BENEFICIARIES AND PROVISION OF SUPPORTING DOCUMENTS

In accordance with Article II.27 of Annex I of the Agreement, the beneficiaries may be subject to checks and audits in relation to the Agreement. Checks and audits aim at verifying whether the beneficiaries managed the grant in respect of the rules set out in the Agreement, in order to establish the final grant amount to which the beneficiaries are entitled.

A final report check must be performed for all projects. In addition, the project may be subject to a further desk check or on-the-spot check if the project Agreement is included in the NA sample required by the European Commission or if the NA selected the Agreement for a targeted check based on its risk assessment.

For final report check and desk check, the coordinator must supply to the NA copies of supporting documents specified in the section I.2 (including supporting documents from the other beneficiaries) to the NA, unless the NA makes a request for originals to be delivered. The NA must return original supporting documents to the beneficiary upon its analysis thereof. If the beneficiary is legally not authorised to send original documents for final report or desk checks, the beneficiary concerned may send a copy of the supporting documents instead.

The beneficiaries may be requested by the NA to provide for any type of check, additional supporting documents or evidence that are typically required for another type of check, as specified in article II.27 of the General Conditions.

The different checks must include the following:

a) Final report check

The final report check is undertaken at final report stage at the NA premises in order to establish the final grant amount to which the beneficiaries are entitled.

The coordinator must submit to the National Agency a final report through Mobility Tool+ which will include the following information on grant expenditure:

- Unit contributions consumed for budget categories:
 - Travel
 - Individual support
 - Organisational support
 - Linguistic support
- Actual costs incurred for budget category:
 - Special needs support
- Actual costs incurred and supporting documents specified in Section II of this Annex for budget category:
 - Exceptional costs

b) Desk check

The desk check is an in-depth check of supporting documents at the NA premises that may be conducted at or after the final report stage.

Upon request, the coordinator must submit to the National Agency the supporting documents for all budget categories.

c) On-the-spot checks

On-the-spot checks are performed by the NA at the premises of the beneficiaries or at any other relevant premise for the execution of the Project. During on-the-spot checks, the beneficiaries must make available for review by the National Agency original supporting documentation for all budget categories.

There are three types of possible on-the-spot checks:

- *On-the-spot check during project implementation*

This check is undertaken during the implementation of the Project in order for the National Agency to verify directly the reality and eligibility of all project activities and participants.

- ***On-the-spot check after completion of the project***

This check is undertaken after the end of the Project and usually after the final report check.

In addition to providing all supporting documentation, the beneficiaries must enable the National Agency access to the recording of project expense in the beneficiary accounts.

- ***System check***

The system check is performed to establish the beneficiary's compliance with the commitments undertaken as a result of the ECHE and HE consortium accreditation. The beneficiaries must enable National Agency to verify the reality and eligibility of all project activities and participants.
